J. S. CARVER AND WIFE RETURN FROM THE COAST

J. S. Carver, president of the Utah Retail Grocers' association, accompanied by his wife, returned to his home in Ogden yesterday, after a trip to Portland, where they attended the national convention of Retail Grocers, held in that city, June 2 to 5. Mr. Carver reports that he and his wife had an extremely pleasant trip, having joined a party of grocers, who had

a special train, at Salt Lake, going from there to Los Angeles, and thence over the Southern Pacific to Portland. Mr. Carver and his wife also visited the exposition at Seattle for a few days and were very well pleased with the big fair. Mr. Carver says that the Utah building on the exposition grounds is a small structure, but is of a unique design and really beautiful.

Electricity in Japan.

The authorized capital of Japanese electric undertakings in 1903, \$14,193,000, rose to \$68,724,000 in 1907. The electrical works undertaken chiefly represented lighting and railways. The number of lights supplied in 1905, 355,000, increased in 1907 to 859,143. Tokyo and Osaka require each 100,000 lights. Electric railways show equal development. In 1903 the mileage was 38, which rose to 119 in 1907, and will be largely added to by construction during the present year.

MRS. WEST LAID TO REST

SERVICES AT THE THIRD WARD CHAPEL YESTERDAY.

The Beauty of Her Character and Nobility and Usefulness of Her Life Emphasized.

Obsequies over the remains of Martha J. West, widow of the late Bishop Chauncey W. West, were held in the Third ward chapel yesterday at 2 o'clock, Bishop Carl E. Peterson presiding.

The services were opened by George O. Nye, singing "I Need Thee Every Hour." After the invocation by Patriarch G. W. Larkin, Miss Ruby Geddes sang Caro Roma's beautiful solo, "Resignation."

Elder Richard Douglas spoke briefly of his acquaintance with Mrs. West in St. Louis before coming to Utah. Following Elder Douglas' talk, Mrs. Mary Farley sang "Sometime We'll Understand."

Elder Joseph Parry told of his early acquaintance with the family of the deceased while engaged as a missionary in St. Louis in the early '50's. He also said the mother of Mrs. West had come from England bringing two daughters with her and that they had crossed the plains with ox teams, arriving here in 1857. He then related some of Bishop West's missionary experiences and told of the many sacrifices made by Mrs. West during his absence, she being left with a family of small children.

Henry Elder of Salt Lake City, a nephew of Mrs. West, reviewed some of his boyhood experiences and pleasures at the home of his aunt, and also told of the good counsel and advice which she had given him. He further stated that she had always shown great faith in the Gospel of Christ and that he would like to see his relatives follow her example.

F. Earl West then sang "O, My Father." President Middleton bore witness of the good life of the deceased and of her early residence in Ogden. He further talked about the passing of the pioneers and said that in a few more years they would be all gone.

Elder Joseph A. West spoke briefly of the changes which had taken place in this valley since his Aunt Martha had settled here. He also told of her great faith and how true she had been to the covenants of the church for which she crossed the plains.

After Elder West's remarks, Mrs. Isaac Blair rendered the solo "Scatter Seeds of Kindness." President L. W. Shurtliff then gave a short eulogy on the upright life of Mrs. West.

President James Witherspoon also paid a tribute of respect to her memory, endorsing all that had been said and further spoke of the joy which the mourners should feel at such a service when they heard the many good things said of their loved one. He also contrasted the treasures of this world, which we will leave behind, and the treasures of the world to come, which will last forever, also of the pleasure we receive in benefiting others.

The singing throughout the service was much appreciated, all of the soloists rendering their songs with much expression of feeling.

The service was closed by Mrs. J. T. Lynch singing, "Who Are These Arrayed in White?"

The floral offerings were very numerous and beautiful.

Benediction was pronounced by Elder N. J. Tanner. At the cemetery the grave was dedicated by Elder Richard Butler.

China's Early Paper Money. As in many lines of industry China led the way among the nations in the use of paper currency in business. Since the fifteenth century, however, no paper money has been issued in the celestial empire, and it is due only to China's industrial and commercial growth that the government has recently appointed a commission to investigate the matter.—*System.*

MEETING OF SCHOOL BOARD

THREE BIDS FOR SCHOOL FURNITURE ACCEPTED.

McMillan, Ogden and Boyle Furniture Companies Successful—Teachers Recommended.

At the regular meeting of the board of education last night bids were accepted from three firms for furniture to be used in the new high school building to the amount of \$4,000. The McMillan Furniture and Paper company of Salt Lake received the big end of the amount, being awarded the contract for 1,000 common school desks and 150 backs, which they agree to furnish for \$3,640. Next in order of amount is the Ogden Furniture and Carpet company, which will furnish 100 oak stand desks for use in the commercial department for \$375. The Boyle Furniture company of Ogden received the contract for stand stools to be used in the same department, for a consideration of \$56.

On motion of Mr. Coulter an appropriation amounting to \$100 was allowed to recompense Superintendent Mills for expense to be incurred on his forthcoming trip to Denver, as a delegate to the convention of the National Educational association.

The question as to whether kindergartens will be maintained at all of the grade schools in the city was referred back to the finance committee for further report at the next regular meeting.

The contract for repairing and repainting the roofs of the various schools was awarded to R. S. Brown, who will agree to do all necessary work for \$1.25 per hundred square feet and to keep the same in repair, or guarantee his work, for a period of five years.

Superintendent J. M. Mills presented to the board a list of janitors whom he recommended for service at the various schools, which, after a short consideration, was laid on the table, pending a personal investigation by each member of his especial ward.

A list of teachers of various grades was presented by Superintendent Mills, which includes the names of twelve recent high school graduates, for positions as assistants in the grade schools. The assistants will be employed in the principal's office and will be called upon to substitute in the lower grades when necessary. The salary recommended by Superintendent Mills for these assistants is \$25 a month. Superintendent Mills was anxious to have the entire list favorably passed upon, but the board decided that time was necessary for them to give the list careful consideration and it was decided to allow the matter to go over for a special meeting to be held at 1 o'clock Monday afternoon, when action will be taken.

Cash on hand was reported as being \$71,443.31, which includes \$123.54 interest on the deposit in the First National bank. Expenditures for operation and maintenance of the schools during the month of May was reported as being \$12,320.58. Regular monthly bills to the amount of \$1,000 were received and accepted, except that of the Rocky Mountain Bell Telephone company, which amounted to \$25 for the regular monthly rental of telephones for the month of June. This bill was referred to the judiciary committee, who will confer with the management of the telephone company concerning a reduction in the rate or the relinquishment of charges during the vacation months.

Expenditures representing \$22,984, which is a partial estimate of construction of the new high school building was reported. The total expenditure so far is \$37,179.58. Interest paid, \$875.

His Professional Way. The new waitress sidled up to a dapper young man at the breakfast table, who, after glancing at the bill, opened his mouth, and a noise issued forth that sounded like the ripping off of all the cogs on one of the wheels in the power house. The new waitress made her escape to the kitchen. "Fellow out there insulted me," she said.

The head waiter looked at him. "I'll get it," he said. "That's just the train caller ordering his breakfast."

BRINGS GOOD REPORTS OF WYOMING SHEEP Salt Lake City, June 11—C. B. Stewart of the Steward-Harding Sheep company, returned yesterday from Coyote creek, near Evanston, Wyo., where he went several days ago to look over the flocks and check up the business. The sheep of this company have their summer range in Utah. The range in the vicinity of

Coyote creek is in ideal condition this year. The vegetation is high and is especially nourishing this season. The entire range looks like a vast rolling meadow, Mr. Stewart says. The lamb crop was the greatest this year ever recorded by this company, the increase being a shade greater than 103 1-2 per cent. The season promises to be the most prosperous in the history of the company.

A Disciplinarian. Miss Hobson was most popular with the two young and unmarried members of Centerville's school board. They did not propose to have any change of teachers in District Number Three.

"Do you think Miss Hobson pays quite enough attention to discipline?" suggested one of the elderly, married school committeemen one day.

"Discipline! Why, of course she pays a great deal of attention to it," asserted Ed Porter, hastily.

"We never had anybody else begin to pay as much," said Henry Lane. "Why, one afternoon I was in there at Number Three, and Miss Hobson spent the whole time—every minute of it—preserving order in that school room."—*Youth's Companion.*
